PROFESSIONAL SUMMARY

Motivated BCA graduate (2022-2025) with strong skills in web development, AI/ML, and software engineering. Proficient in Python, Flask, and TensorFlow, with hands-on experience building efficient applications and solving complex problems. Passionate about continuous learning and eager to contribute technical expertise to innovative projects.

ACADEMIC DETAILS

- **Bachelor of Computer Applications (BCA)**
Graphic Era Hill University, Dehradun (**Expected Graduation: June 2025**)
📌 **CGPA:** 8.12/10
📌 **Relevant Coursework:** Data Structures, Web Development, Database Management
- **Intermediate (Class 12) – CBSE**
Kendriya Vidyalaya, Manera Uttarkashi, Uttarakhand (2022) – **63%**
- **High School (Class 10) – CBSE**
Kendriya Vidyalaya, Manera Uttarkashi, Uttarakhand (2020) – **65%**

PROJECTS

Timetable-Pro | *Python, OpenPyXL, CSV*

May'25

- Developed an automated system for conflict-free academic timetable generation.
- Implemented a rule-based and randomized heuristic algorithm to assign classes, faculty, and resources efficiently.
- Generated customized Excel timetables for each section and teacher, with built-in workload analysis.

Remote Mouse Control | *Python, Flask, PyAutoGUI*

Dec'24

- Built a web app that allows users to **control a computer's mouse** via a **mobile device**.
- Used Flask for backend, with PyAutoGUI to simulate real-time mouse movements.
- Implemented **QR code-based connectivity** for easy access.

Snake Game | *JavaScript, HTML, CSS*

Aug '24

- Created a **classic Snake Game** with **smooth controls and real-time score tracking**.
- Designed a **responsive UI** for seamless gameplay on different screen sizes.

Video Download Extension | *JavaScript, HTML, CSS*

Aug '24

- Developed a browser extension to download videos from platforms like YouTube, Instagram Reels, Twitter, Facebook, and TikTok.
- Implemented content script injection and platform-specific video URL parsing to ensure reliable downloads across sites.
- Designed with a user-friendly interface and lightweight performance for smooth integration into browsers.

Speech Recognition Web App| *Python, Flask, HTML, CSS*

Aug'24

- Developed a **real-time speech-to-text web application** using **Google's Speech Recognition API**.
- Implemented **keyword filtering** to detect and block specific words dynamically.
- Added **error handling** to manage unrecognized speech and network failures efficiently..

Spoiler Blocker| *JavaScript, HTML, CSS*

May'24

- Developed a lightweight browser extension to block spoilers on social media, focusing on Instagram.
- Implemented a customizable keyword filtering system to detect and blur spoiler content in real time, enhancing the browsing experience
- Optimized for cross-browser compatibility with Chrome and Firefox, with plans for additional platforms.

SKILLS

Technical Skills:

- Python | Flask | JavaScript | PHP | HTML | CSS.
- REST APIs | Database Management | PyAutoGUI.
- Web Development | Chrome Extensions | Tkinter.

Soft Skills:

- Leadership & Teamwork
- Strong Problem-Solving Abilities
- Goal-Oriented & Adaptable

CERTIFICATIONS

- **Foundations of User Experience (UX) Design on Coursera (March 29,2025)**
- **NSS 'B' & 'C' Certificates**
- **CSS, JavaScript,PHP And Python Programming All in One Course on Udemy (November 24,2024)**
- **PHP Tutorial Beginner to Advanced on Udemy (June 3,2024)**
- **Python And Flask Demonstrations Practice Course on Udemy (December 2,2023)**
- **C-level management: proven frameworks and techniques on Udemy (November 7,2023)**

EXTRA CURRICULAR ACTIVITIES

- **Designer at NSS:** Created posters & digital content for events, improving engagement by **80%**.
- **NSS Volunteer:** Assisted in organizing community service programs & tech awareness camps.

STRENGTHS

- Leadership Skills
- Good Listener
- Team Player
- Goal Oriented

HOBBIES

- Trekking & Outdoor Adventures
- Reading Tech Blogs & Gadget Reviews
- Listening to Music
